

Part 21 Subpart G POA

Course Outline

This course has been designed to address the training requirements with regard to the understanding and application of Part 21 in a production organisation.

The course is aimed at all people, especially management and certifying staff involved in the production parts and assemblies for aircraft that work for:

- EASA Part 21 Subpart G Production Organisations

In summary it will cover the following aspects:

- Overview of EASA, and UKCAA, Safety & Environmental Regulation & Certification.
- Overview of Part 21 - background & complementary material.
- Part 21 Subpart G in detail & Advisory Material.
- The Production Organisation Exposition
- EASA Form 1.
- Certifying Staff.
- Investigation and continued surveillance processes.

The course is a one day classroom based PowerPoint presentation.

The courses can be presented at our training facilities in Turners Hill near Gatwick Airport or at your venue.
